## **For Professional Clients**

We provide the very highest level of service. Our Barristers and Clerks are friendly, accommodating, and understanding of the needs of instructing solicitors.

Our fees depend on the seniority and experience of Counsel. We will always look to adopt a suitable approach to the requirements of our clients.

## **For Public Access Clients**

As well as taking instructions through a solicitor, some of our barristers are able to accept instructions directly from the public. For an indication of our public access fee structure, please click on this link.
